PFS Consulting

PFS CONSULTING APPOINTS JAYESH BHANA IN A NEW ROLE AS COO

MEDIA RELEASE

November 2023

PFS Consulting is pleased to announce that it has appointed Jayesh Bhana in a newly created role as Chief Operating Officer (COO).

PFS Consulting Managing Director, Adrian McGarva said regarding the appointment:

"This strategic move reflects our commitment to advancing PFS Consulting's growth while maintaining operational excellence. We are delighted to be in a position to create a role integrating Jayesh into the operational side of our business. He brings a significant depth of experience and expertise to our team, and has demonstrated a successful track record in enhancing operational efficiency over the last 3 years developing our life and general insurance actuarial consulting practices.

In this new role, Jayesh will play a pivotal role in ensuring that we continue to focus on delivering to our clients' needs and best interests. His leadership will strengthen our operational capabilities and strategic vision. We have seen first-hand his expertise in project management, problem-solving, and using technology to help solve client problems in an efficient and repeatable way.

We are confident that this move will allow us to continue to build upon our strong foundation and provide innovative services and solutions that align with our clients' evolving requirements."

About PFS

PFS is in an exciting phase of growth and expansion. As we evolve, it is essential that we maintain the high standards of service that our clients have come to expect. This appointment reinforces our dedication to operational excellence, ensuring that our clients receive the best possible support and solutions.

PFS was a sponsor of the International Congress of Actuaries in 2023 and is a current business partner of both the Actuaries Institute and the Underwriting Agencies Council. We are a Corporate member of ASFA and the AICD and maintain full alignment with the Essential Eight Maturity Model from the Australian Cyber Security Centre (ACSC).
