Our clients can access a range of expert skillsets and teams

within a services framework which ensures you receive

- ▶ an expert single point of contact who is highly responsive and does the majority of your work
- ▶ easy to understand, peer reviewed reports and advice
- ▶ access to a network of subject matter experts
- ▶ access to technical experts to assist and support project delivery

this enables us to build highly productive relationships and provide deep expertise across a range of areas

"I just wanted to say a huge thank you for such a brilliant review"

Bruce Lawson, HCF

"PFS provided an extraordinary level of service on a complex technical area. The Committee hopes that the Government continues to work with PFS"

Chairman, NSW Public Accounts Committee

"Very responsive, excellent understanding of our business and its unique needs, excellent communication"

Rebecca Fletcher, AMIST

"PFS Consulting was able to help us determine the most equitable approach for our unit holders...PFS was easy to deal with and produced high-quality work."

Jeff Phillips, Bennelong

"I want to acknowledge and thank you and the team at PFS for the outstanding services you have provided"

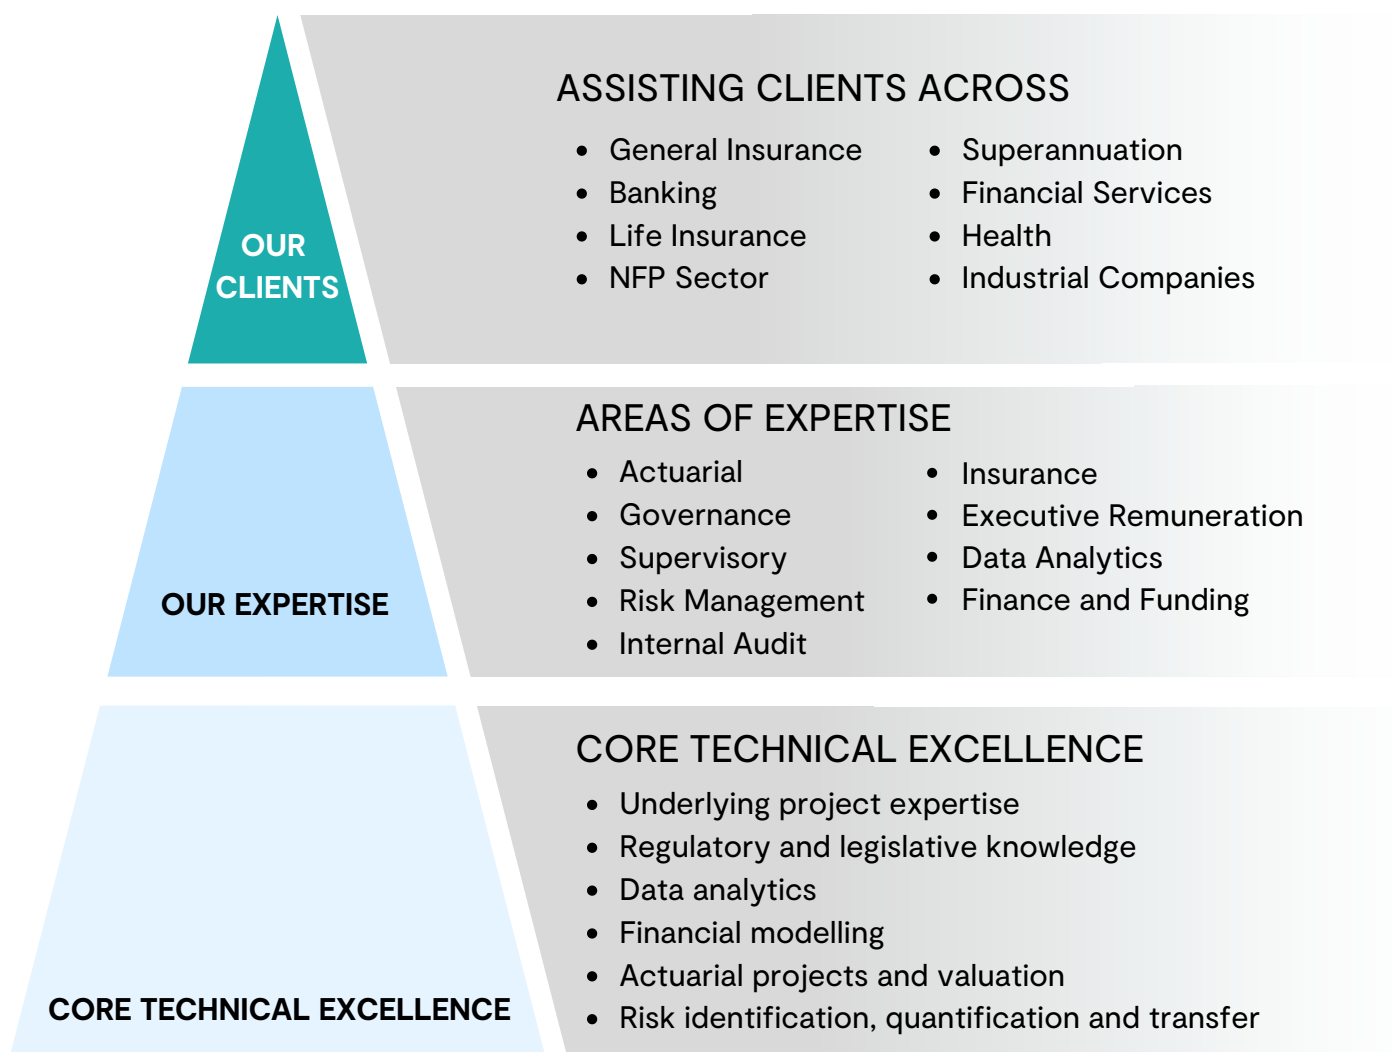

Tom Sammann, Catholic Super

"You communicate and take a pro-active approach, suggesting solutions to clients that they may not have thought of"

Vivian Harrison, ANZ Wealth

Our areas of expertise

PFS Consulting is a multi-practice actuarial and risk consultancy providing foresight, insight, and oversight. Our clients benefit from our ability to combine core technical skills with specific expertise across a range of areas.

PFS Consulting maintains full alignment with the Essential Eight Maturity Model from the Australian Cyber Security Centre (ACSC). Our full suite of policies and procedures also reference ISO/IEC 27001 supporting the requirements of that standard.

To discuss any of these areas in more detail contact
